Why Join the Darke County Chamber?

The Darke County Chamber of Commerce is proud to be one of the Dayton Region's largest and most engaged chambers of commerce.

Since our founding 91 years ago in 1927, the Chamber has stood for enhancing the economic vitality of our communities by helping businesses succeed. We're here to help you make your business the best it can be by providing you with unique networking and marketing opportunities, professional development, continuing education, and being your active business advocate at all levels of government.

Chambers of commerce across North America have changed their marketing approach to a more balanced strategy of benefits, mission, and recognition appeals. A tiered dues structure compliments this balanced appeal, giving members the ability to choose their level of support and engagement.

Get Connected

The Chamber represents 400 businesses in Darke County, and hosts numerous events every year, ranging from small, focused committee meetings, to our annual signature events - Ground Hog Day Luncheon - Economic Forecast, Chamber Ag Day, Legislative Luncheon, Golf Outing, and the Chamber Annual Meeting. All of these events provide a unique opportunity to network with some of the area's most successful business owners and executives.

Expand your circle of contacts even further by getting involved with committees such as the Agriculture Committee, Chamber Ambassadors, and the Legislative Committee. Business educational opportunities exist in the Darke County Human Resources Council.

Boost your brand presence by taking advantage of sponsorship and advertising opportunities on the Chamber website, at Chamber events, or in our monthly newsletter.

Get Your Voice Heard

Your voice for legislative issues is the Chamber's Legislative Committee. The committee works diligently to promote the local, state, and federal legislative interests and champions a business-friendly climate. The Chamber's involvement in state-wide legislative issues has elevated this committee's presence not only in Darke County, but in Columbus where our opinions are heard. In 2012, the Darke County Chamber was ranked #6 for grassroots legislative advocacy in Ohio. In 2013, 2014, 2015, and 2016 the Darke County Chamber received the Ohio Chamber's Best Advocacy Campaign Award for its extraordinary efforts and commitment.

Customers

With nearly 1,800 views every month, the Chamber website generates referrals for its members and is one of the leading business resources in the county. As well as boosting your online presence, we also publish an annual Membership Directory and Resource Guide — all designed to help you grow your customer base.

The Chamber has a members only referral policy. With an average of 500 phone calls per month, this is another way that we give your business a presence.
